DELARAM HEYDARIAN

Curriculum Vitae

Department of Industrial Engineering and Management Sciences | Northwestern University | Evanston, IL

Email: delaram.heydarian@northwestern.edu | **Website:** delaramheydarian.github.io | **Google Scholar:** Profile

EDUCATION

Expected May 2027 — **Ph.D. in Operation research, Northwestern University**
Evanston, IL, USA
Research area: Operations Management, Service Operations, Stochastic Systems | Advisors: Prof. Achal Bassamboo (Co-chair) and Prof. Seyed Iravani (Co-chair)

2021 — **Master of Business Administration, Miami Herbert Business School, University of Miami**
Coral Gables, FL, USA

2017 — **M.S. in Industrial Engineering, University of Tehran**
Tehran, Iran

2013 — **B.S. in Mathematics, Sharif University of Technology**
Tehran, Iran

RESEARCH INTERESTS AND METHODS

Interests: Operations Management • Operation Research • Service Operations • Queueing Systems • Customer Routing and Choice • Congestion Externalities • Heterogeneous Service Systems • Decentralized Decision Making
Methods: Queueing Theory • Stochastic Modeling • Applied Probability • Equilibrium Analysis • Optimization • Simulation • Numerical Analysis

RESEARCH

Checkout Externalities: A Slow-Server Problem with Two Classes *(Job Market Paper)*

Checkout Externalities: A Slow-Server Problem with Two Classes
Under review at Manufacturing & Service Operations Management (M&SOM).
with Achal Bassamboo, Martin A. Lariviere, and Abhishek Ghosh

Hidden Slow Server Problem with Two Classes *(Work in Progress)*
with Achal Bassamboo, Seyed M. R. Iravani, and Martin A. Lariviere

Publications Prior to Ph.D.

- **Location Optimization of Agricultural Residues-Based Biomass Plant Using Z-Number DEA** — PDF
- **Performance Optimization of Unique Resilient Human Resource Management System in a Coal Mine Industry** — Springer
- **Simulation Optimization of Operator Allocation Problem with Learning Effects and Server Breakdown under Uncertainty** — Taylor & Francis

Note: *These publications were completed prior to my Ph.D. studies and are listed separately from my current research projects.*

TEACHING

IEMS 381 - [Supply Chain Management]
Teaching Assistant and Lab Instructor
Northwestern University | Fall 2025 and Fall 2026
Held office hours and provided support to students on course concepts and assignments.
Graded homework, projects, and other course assessments.
Led and taught lab sessions, guiding students through supply chain management exercises and applications.

IEMS 382 — [Operation Management]
Teaching Assistant
Northwestern University | Winter 2025
Held office hours and provided support to students on course concepts and assignments.
Graded homework, projects, and other course assessments.

IEMS 383 — [Service Management]
Teaching Assistant, Northwestern University | Spring 2025
Teaching responsibilities have included supporting undergraduate instruction, holding office hours, answering student questions, grading assignments and projects, and assisting with examinations.

CONFERENCE PRESENTATIONS

Checkout Externalities: A Slow Server Problem with Two Classes

- POMS Annual Conference 2026 — Reno, NV
- University of Chicago Workshop by Prof. Martin Lariviere
- INFORMS Annual Meeting, 2026

My presentation is currently scheduled as follows:

Session: Service Operations, Supply Chains, and Experimentation
Day: Monday, November 2
Time: 1:15 PM-2:30 PM
Room: Moscone South-205 (Level 2)

RESEARCH AND COMPUTATIONAL SKILLS

Mathematical and research methods: Queueing Theory, Stochastic Processes, Applied Probability, Markov Processes, Optimization, Equilibrium Analysis, Simulation, Statistical Analysis, Numerical Optimization
Programming: R (advanced research and simulation use), Mathematica / Wolfram Language, Python, LaTeX

UPCOMING CONFERENCE

INFORMS Annual Meeting, 2026 — Monday, November 2 | 1:15 PM–2:30 PM | Moscone South-205 (Level 2)

HONORS AND AWARDS

- Ph.D. Fellowship, Miami Herbert Business School, University of Miami
- Top 1% Nationwide, Iran's National University Entrance Examination for Admission to M.S. Programs in Industrial Engineering
- Top 1% Nationwide, Iran's National University Entrance Examination for Undergraduate Admission

LANGUAGES

Persian: Native | English: Fluent
